

Abin Das

Frontend Developer | React.js | Flutter | NestJS | Laravel

Thiruvananthapuram, Kerala, India | abindas3.2@gmail.com | +91 8129272240 | linkedin.com/in/abin-das-9b9191228

PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building responsive web and mobile applications with React.js, Flutter, NestJS, Laravel and Tailwind CSS. Delivered ERP, food delivery, e-commerce and automotive platforms, with a focus on frontend architecture, REST API integration and page-load performance. Works well across design, frontend and backend teams.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, jQuery

Backend: NestJS, Laravel, PHP, REST APIs

Mobile: Flutter, Dart

Databases: MySQL, PostgreSQL

Tools: Git, Bitbucket, Docker, Postman

Platforms and CMS: Shopify, WordPress, PrestaShop

Other: Responsive Design, Performance Optimization, Solidity

PROFESSIONAL EXPERIENCE

Software Engineer | Rayblaze Global Private Limited

Jan 2024 – Present

- Built frontend features for a React.js food delivery platform, improving user interaction and order completion.
- Optimized frontend performance on a school ERP platform, reducing page load times.
- Developed UI modules with Laravel and Blade templates for a car sales platform and the school ERP, improving responsiveness.
- Delivered client projects on Shopify, WordPress and PrestaShop, contributing to higher client engagement.

Software Intern | Hubspire

Nov 2022 – Jun 2023

- Designed responsive web applications using HTML, CSS, JavaScript, Bootstrap and jQuery.
- Optimized frontend performance, improving page load times and SEO-related metrics.
- Worked with UX/UI designers to improve usability and user satisfaction.
- Took part in code reviews and debugging to improve code quality, and managed source code with Bitbucket.

Frontend Developer / App Developer | Molivet R&D

Feb 2022 – Oct 2022

- Contributed to web and mobile projects using HTML, CSS, Bootstrap and Flutter.
- Built responsive user interfaces and reusable frontend components.
- Tested and debugged for responsive, cross-browser compatibility.

Apprentice | Molivet R&D

Oct 2021 – Feb 2022

PROJECTS

- School ERP System:** Frontend modules in Laravel and Blade; faster loading and a better experience for students and staff.
- Food Delivery Platform:** Responsive React.js interfaces with REST API integration for dynamic data.
- Car Sales Platform:** Responsive UI features in Laravel with optimized frontend rendering.
- Client Websites:** Built websites for room booking, vaccine appointment scheduling, a dental clinic, real estate, business listings for sales, and cleaning services.

EDUCATION

Bachelor of Technology, Mechanical Engineering | PRIST University

2017 – 2021

CERTIFICATIONS

- Ethereum and Solidity: The Complete Developer's Guide, Udemy (2023)
- React + Redux, Sololearn (2022)
- Introduction to Flutter, Simplilearn (2022)
